

Visiting

LAGUNA ART MUSEUM

for a tour

Museum

I am going to a museum called Laguna Art Museum for a tour.

Parking

We will park our bus outside the museum in the loading zone.

Before Entering

I will leave waters, backpacks, and food on the bus.

Lining Up

We will line up in our groups outside the museum by the bench.

Going Inside

We will meet with a member of museum staff who will let us in one group at a time.

Lobby

We will meet our Docent or Teaching Artist in the lobby.

Stations

**I will take turns visiting the galleries
and art-making spaces.**

Protecting Artwork

I will keep 5 feet of space between myself and the artwork. I will not touch any artwork so I can protect it for future generations.

Docent Station

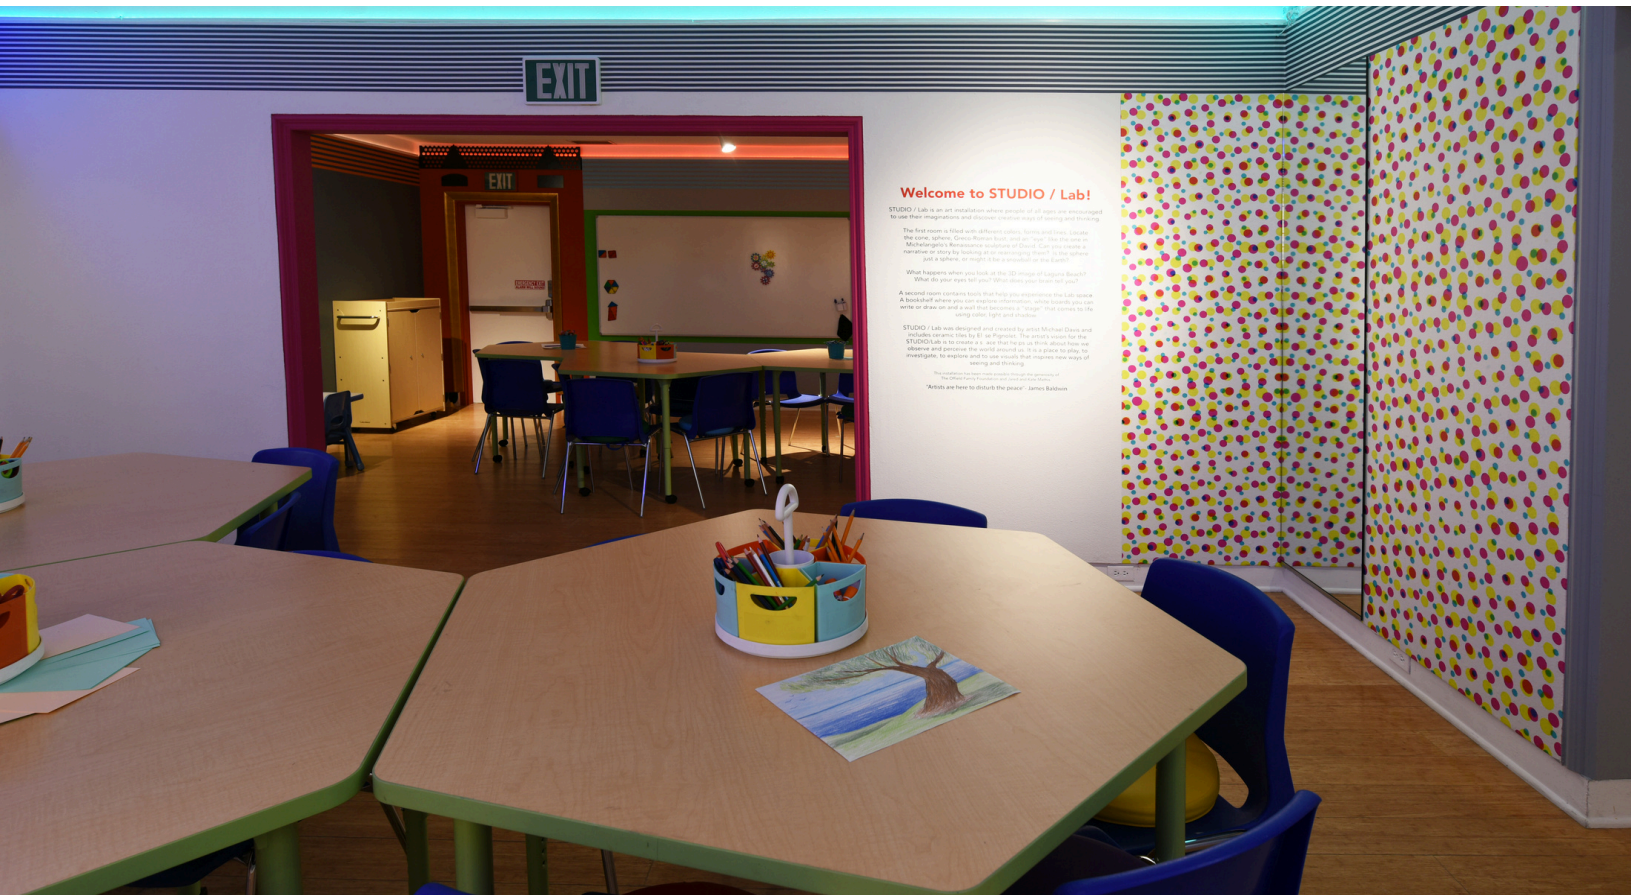

With the docents, I will view and learn about artwork. The docents may ask questions about what I notice in the artwork.

Sketching Station

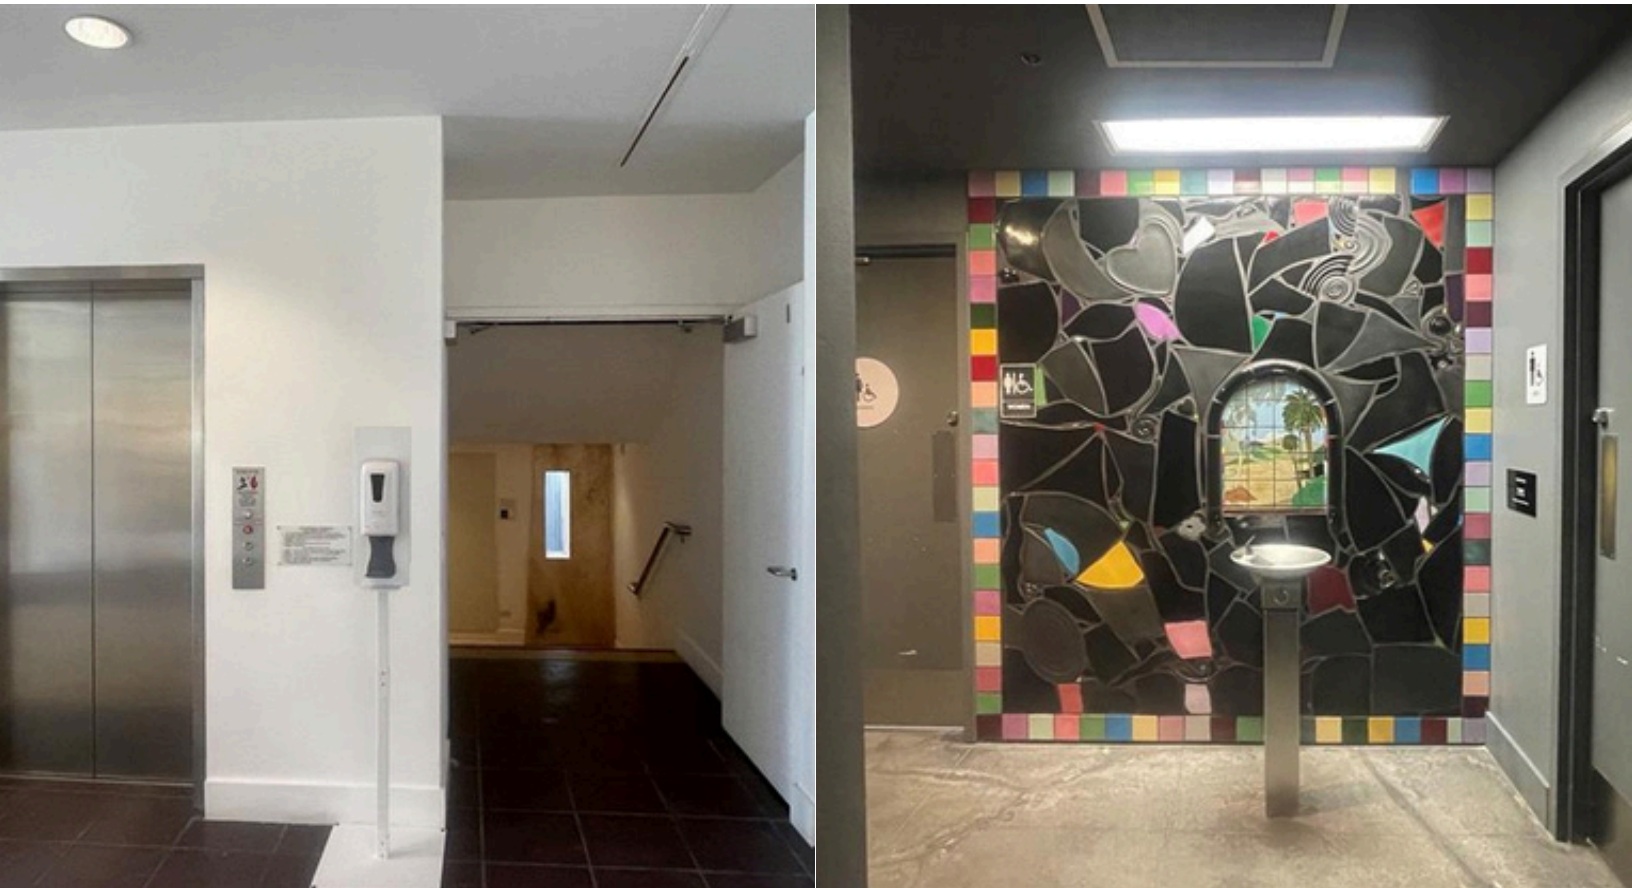

In the sketching station, I will be given paper and a pencil. Then, I will pick an artwork that I like and will create a sketch of that artwork.

Art-Making Station

I will enter the STUDIO/Lab art-making space. Then, I will create artwork led by a Teaching Artist.

Bathrooms

I will let my teacher or Museum team know that I need to go to the bathroom. I will be led by my teacher or chaperone. The bathroom is located down the stairs to the right.

Leaving

I will go back through the lobby and out the front door. I will wait to go outside until my teacher tells me to leave.
