

MAGU MAP

A collaborative sculpture inspired by Gilbert Magu Lujan's *Cruising Turtle Island*

Gilbert Luján, *Cruising Turtle Island*, silkscreen, 1986
[\(Learn more here\)](#)

Find inspiration in the art and from your own neighborhood to create a fictional map. Notice the vibrant colors, plants, animals, cars, and structures.

Use recycled cardboard as a base. Experiment with paper and tape to add sculptural elements. Collaborate with your family to make your map transform and grow!

If you don't have these materials, create a drawing of a fictional map using pencils, colored pencils, pastels, markers, or anything you have at home.
